Dear José and Karen,

How can we begin to thank you enough for your efforts in making our tour to Portugal an enjoyable and memorable one.

The support given by Karen to all of us was outstanding and in particular to my wife and myself due to the fact that my wife was in a wheelchair for the majority of the time spent in Portugal.

Attention to detail was absolutely spot-on and even though we have travelled to many destinations abroad we have never received such an enthusiastic courier service.

We would have no hesitation in using Move Sports if visiting Portugal again.

Many Thanks and Best Regards

David Rees
Chairman and Tour Manager
